

SSL Tractor

A new generation of coiled tubing tractor: powerful, versatile, fast

- Incorporates proven WWT Tractor technology, refined through nearly 30 years of downhole experience.
- Provides positive grip over a wide range of cased and open hole wellbores with WWT's Expandable Ramp Gripper (ERG).
- Greater pulling power than any other extended reach tool.
- Delivers heavy tool strings to the outer zones of extended reach wells.
- Fiber and e-line pass-through compatible.

Outside Diameter	3.500 in
Inside Diameter	0.438 in
Pull Capacity	8,000 lbs
Length	12.5 ft
Wellbore Operational Range	4 – 7.4 in cased and open hole
Average Tractor Speed	30 ft/min
Maximum Overpull	62,000 lbs
Maximum Temperature	392° F
Connection	2-3/8 PAC
Acid and H₂S Resistant	Yes, NACE compliant
Materials of Construction	Steel, Inconel and Beryllium Copper
