

# High-Capacity Tractor (HCT)

The next evolution of coiled tubing tractors: stronger, shorter, faster.

- Built on 30 years of tractor development, the High-Capacity Tractor is stronger, faster, shorter, and simpler than any previous generation
- Our most powerful intervention tractor
- Fiber and e-line pass-through compatible.
- Flow through for compatibility with other hydraulically operated tools.
- Provides positive grip in cased or open hole wellbores.
- Acid and H<sub>2</sub>S Resistant

<b>Outside Diameter</b>	3.500 in
<b>Inside Diameter</b>	0.438 in
<b>Pull Capacity</b>	14,500 lbs
<b>Length</b>	17.75 ft
<b>Wellbore Operational Range</b>	4 – 7.4 in cased and open hole
<b>Maximum Tractor Speed</b>	25 ft/min
<b>Maximum Overpull</b>	62,000 lbs
<b>Maximum Temperature</b>	320° F
<b>Connection</b>	2-3/8 PAC
<b>Acid and H<sub>2</sub>S Resistant</b>	Yes, NACE compliant
<b>Materials of Construction</b>	Steel, Inconel and Beryllium Copper
